

CFDC Snags Coveted Finalist Spot in Provincial Awards

One of Three Contending for Not-For-Profit of the Year

AUGUST 11, 2015; MORDEN, MB.// The Canadian Fossil Discovery Centre has been selected as one of three finalists in the prestigious Manitoba Chambers of Commerce: 2015 Annual MBiz Awards. This is the first time the CFDC has been both nominated and chosen as a finalist for an MBiz award.

“We were very happy to learn we had been nominated but to make it through to the final three is really exciting,” said CFDC executive director Peter Cantelon. “The calibre of the nominees at this level is second-to-none and it is very humbling to be considered a part of this group.”

The announcement comes on the tail of a string of Award winners will be announced at a gala event on Oct. 28 in Winnipeg. For more information about the event visit www.mbchamber.mb.ca.

The CFDC houses Canada’s largest collection of marine reptile fossils including ‘Bruce’ – the Guinness Record holding largest mosasaur on display in the world at more than 13 metres or 43 feet in length. The CFDC also houses the world’s only publicly displayed vial of Woolly Mammoth blood and many other unique exhibits. Come DIG INTO Manitoba’s past. Visitors to the CFDC can participate in actual fossil digs and become a palaeontologist for a day!
